FOR ULTRASOUND RESEARCH & EDUCATION

PATHWAY TO REGISTRY

High School
Diploma/GED

CCI REGISTRY

Cardiac (RCS)

Vascular (RVS)

Once a student passes ONE of the above registries, there is an option to become registered by ARDMS. The steps below are optional and NOT required to work as a sonographer.

SPI (Physics)

To qualify for ARDMS specialty exams you must first qualify and pass SPI Physics exam and meet all requirements of each prerequisite.

CURE students are eligible to take the SPI upon passing CURE's Ultrasound Physics course with a grade of "C" or better.

ARDMS

Abdomen | **Cardiac** | **Breast** | **OBGYN** | **Vascular** | **Musculoskeletal**

NOTE: While on externship and during the clinical 900 clock hour rotation, students who are on the CCI Registry track, can apply for the CCI exam once 800 clock hours have elapsed. If a passing score is obtained, students can become registered with CCI credentialling as a sonographer before the externship rotation is complete.

Footnote: CCI-Cardiac Credentialing International Registry Exam, **ARDMS**-American Registry of Diagnostic Medical Sonographers. **Cardiac (RCS)-Prerequisite RCS5, Vascular (RVS)-Prerequisite RVS5**

This pathway is based on requirements set forth by **CCI** and **ARDMS**
For more information on **CCI** and its requirements please visit: www.cci-online.org
For more information on **ARRT** and its requirements please visit: www.arrt.org
For more information on **ARDMS** Specialty Exams and requirements please visit: www.ardms.org

Effective as of November 2022

Qualifications under CCI Prerequisite-RCS5 or RVS5

A graduate of a NON-programmatically accredited program in cardiac ultrasound (echocardiography) or vascular technology which has a minimum of one year of specialty training and includes a minimum of 800 clinical hours in the specialty in which the examination is being requested.

All applicants must meet the following criteria:

- Have a high school diploma or general education diploma at the time of application.
- Fulfill one (1) of the qualifications of the exam for which you are applying. See qualifications listed below.
- Provide typed documentation to support the qualification prerequisite under which you are applying. Required documentation for each qualification prerequisite is listed below. CCI reserves the right to request additional information.

RCS5 / RVS5 Documentation Requirements:

- Completion certificate and/or educational transcript
- Student Verification Letter
- Clinical Experience Letter

IMPORTANT: If an individual's clinical hours were completed after graduation or if the hours are not a requirement for their educational program, then those hours WOULD NOT count toward the 800-hour minimum under qualification RCS5. All clinical hours must be earned in a setting in which patients are being tested or medically treated.

Prerequisite 5

Note: All listed items must be met and completed prior to submission. See the Notes About the Prerequisites on page 11 for footnotes, definitions and complete details.

Education

General—Must hold one of the following Active credentials:

- ONLY RCS, RCCS or RVS through Cardiovascular Credentialing International (CCI), or

- ONLY Sonography, Vascular Sonography or Breast Sonography through American Registry of Radiologic Technologists (ARRT), or DMU through Australasian Society of Ultrasound in Medicine (ASUM).

Required Clinical Ultrasound/Vascular Experience

- Previously met by achievement of other organization's certification.

Documentation Required with Application

- Copy of Active credential identification card or copy of license reflecting an acceptable certification as noted in the ***Education*** requirement at this prerequisite.

- Signed and completed clinical verification (CV) form for each appropriate specialty area(s). CV forms are available at **ARDMS.org/CV**.

- Copy of a non-expired government-issued photo identification (ID) with signature; the first and last names on the ID must exactly match the first and last names in your ARDMS/APCA record.
