COURSE DESCRIPTION

This course is designed to help students be prepared for the workforce. In this course you will be learning how to create social media accounts to help you market yourself.

Students will all so be creating your resume that you can always update to send to potential jobs. Along with your cover letter.

Students will learn how to dress for the job interview and how an interview might go. There will be role playing to give the students an idea of what to expect.

Students will list and/or identify and describe and/or demonstrate the utilization of career, educational, and labor market information resources.

Course Objectives

The objective of this course is to prepare you for your job interview. You will also learn how to communicate effectively with a potential employer during an interview, how to write an effective resume highlighting your skills.

CLASSROOM

Our goal is to build a respectful learning and work environment that allows for positive communication and teamwork. To support your development, all students must abide by academic policies related to attendance, behavior and professional conduct as published in the current institutional catalog. Special attention is granted to the following items:

- There is to be no eating or drinking in any lab/computer class.
- There is to be no eating in ANY class.
- Cellular phones may only be used during class if/when advised by the instructor and required for a learning activity.
- All students must be in full uniform which includes white shoes at **ALL TIMES.**
- **There are no rescheduled exams *unless specified by the professor* with advance notification.**
- The determination to accept late homework assignments is made only by the instructor and occurs only in the event of extraordinary circumstances. If the professor does allow for an extension on assignments, there will be an automatic daily reduction by 10 points, each day beyond the original due date.

- All classes are expected to start and end at a predetermined start and end time.

Accommodations for Students with Disabilities

If you have a special learning need, please contact the Program Director. The Program Director and the Campus President will work with the student to identify reasonable accommodations/adjustments necessary to enable him or her to fully participate in the educational processes.

Professional Responsibility

Students are expected to aspire to the same high level of ethics and professionalism that is demanded of registered medical assistants. This requires students to conduct themselves as professionals and to fully engage in the learning process by preparing for and participating in all classroom, laboratory and clinical activities.

Attendance Policy

- Routine, regular class attendance is a requirement for this course.
- Promptness and dependability are the soft skills that garner special attention.

Attendance Rubric:

- Up to 25% will be deducted for each hour missed or for any part thereof (5% for each 10 minutes missed).
- Students are required to meet their professor to discuss matters of tardiness or absence.
- Students are required to notify their instructor via E mail or voicemail to communicate an absence or lateness from class.

Attendance is taken daily in class by the instructor and turned over to the Registrar before the end of the class day. Early departures, tardiest, and class cuts will be recorded in quarter-hour increments and a proportional grade reduction will also be applied. A period of less than 15 minutes will be counted as a quarter-hour of absence. Attendance records are maintained by the Registrar as part of the student's permanent academic record.

COURSE OUTLINE

Below is the course schedule which identifies lecture topics, assignments and other course activities and the homework required for completion each week.
