MAT 100 General Math DMS PROGRAM

COURSE CODE: MAT 100

General Math

Instructor:
Telephone:
E-Mail:
Office Hours:
Mon, Wed, Fri: 12pm to 1pm & 5pm to 6pm
Tues: 9am – 5pm
Thurs: 11am – 5pm

Start Date:

Completion Date:

Days and Times:
Monday, Wednesday and Friday

Course Hours:
Morning Session:
8:00 am -10:00am &
10:10am – 12:00 pm
Afternoon Sessions:
1:00pm – 3:00pm &
3:10 pm – 5:00 pm

Class Location:
Classroom #:
Lab#:

Course Contact Hours: 24
Course Length: 3 days
Quarter Credit Hours:
Lecture: 24
Laboratory: 0
Externship: None
Course Delivery: Residential
Pre-requisite: None

Americans with Disabilities Act Guidelines: Requests for accommodations should be submitted to the campus president. Faculty are not authorized to grant accommodations.

COURSE DESCRIPTION

This is an introductory level course directed towards developing the principles, techniques, knowledge and skills of each student necessary to function as a qualified diagnostic medical sonographer.

In this course student will learn basic math operation and introduction to algebras, including statics necessary to understand the foundations of physics of sound.

Student will learn basic metric system used in Diagnostic Medical Sonography.

Course Objectives

Upon the successful completion of this courses the student should be able to:

- Develop an understanding of the basic math concepts and functions.
- Have knowledge of basic math, relation, Expression and operation.
- Understand basic metric system used in Diagnostic Medical Sonography.
- Pass the didactic course with a minimum passing grade of 73.

Instructional Resources

Textbook:

Title: Algebra Fundamentals for Ultrasound Techs: A Student's Guide
Author(s): BY Y.S. EASTWOOD
Edition: 2/25/2013
Publisher: iUniverse (2013)
ISBN-13: 978-1475976106

Equipment/Technology/Software:

LCD Projector
Laptop Computer

Material:

Notebook

MAT 100 General Math DMS PROGRAM

Grade Point Value

Grade	Percentile Range	Points
A+	97-100	4.00
A	93-96.99	3.85
A-	90. -92.99	3.67
B+	87-89.99	3.33
B	83-86.99	3.00
B-	80-82.99	2.67
C+	77-79.99	2.33
C	73-76.99	2.00
C-	70-72.99	1.67
D+	67-69.99	1.33
D	63-66.99	1.00
D-	60-62.99	.67
F	Below 60-00	0

Methods of Evaluation

Attendance	15%
Participation	15%
Quizzes	30%
Exams	40%
	100%

Teaching Strategies

Lecture/Discussion/Q & A's
Audiovisual

Methods of Delivery

Residential

Classroom Policy

Our goal is to build a respectful learning and work environment that allows for positive communication and teamwork. To support your development, all students must abide by academic policies related to attendance, behavior and professional conduct as published in the current institutional catalog. Special attention is granted to the following items:

- There is to be no eating or drinking in any lab/computer class.
- There is to be no eating in ANY class.
- Cellular phones may only be used during class if/when advised by the instructor and required for a learning activity.
- All students must be in full uniform which includes white shoes at **ALL TIMES**
- **There are no rescheduled exams *unless specified by the professor* with advance notification**
- The determination to accept late homework assignments is made only by the instructor and occurs only in the event of extraordinary circumstances. If the professor does allow

for an extension on assignments, there will be an automatic daily reduction by 10 points, each day beyond the original due date

- All classes are expected to start and end at a predetermined start and end time

Accommodations for Students with Disabilities

If you have a special learning need, please contact the Program Director. The Program Director and the Campus President will work with the student to identify reasonable accommodations/adjustments necessary to enable him or her to fully participate in the educational processes.

Professional Responsibility

Students are expected to aspire to the same high level of ethics and professionalism that is demanded of registered medical assistants. This requires students to conduct themselves as professionals and to fully engage in the learning process by preparing for and participating in all classroom, laboratory and clinical activities.

Attendance Policy

- Routine, regular class attendance is a requirement for this course.
- Promptness and dependability are the soft skills that garner special attention.

Attendance Rubric:

- Up to 25% will be deducted for each hour missed or for any part thereof (5% for each 10 minutes missed).
- Students are required to meet their professor to discuss matters of tardiness or absence.
- Students are required to notify their instructor via E mail or voicemail to communicate an absence or lateness from class.

Attendance is taken daily in class by the instructor and turned over to the Registrar before the end of the class day. Early departures, tardiest, and class cuts will be recorded in quarter-hour increments and a proportional grade reduction will also be applied. A period of less than 15 minutes will be counted as a quarter-hour of absence. Attendance records are maintained by the Registrar as part of the student's permanent academic record.

MATH 101 DMS PROGRAM

COURSE OUTLINE
Below is the course schedule which identifies lecture topics, assignments and other course activities and the homework required for completion each week.

The course syllabus is a general plan for the course; deviations may be necessary and will be announced.

Lecture Topic	In-Class Activity/Lab Assignment	Homework/Out of Class
Week One Objectives: Introduction • Basic operations. • An easy Approach to Variables, Constants, and Unit Fractions. • Decimals and Percentages. • Reciprocals. • Exponents. • Metric system. • Conversions. • Equations, Relationships and Graphing. • Linear and Non-linear proportional relationships • Distance Equation		
DAY 1: Introduction Basic operations 1 An easy Approach to Variables, Constants, and Units 2 Fractions, Decimals and Percentages 4	Power Point Presentation/ Lecture Practice Problems	**Read** **Algebra Fundamentals for Ultrasound Techs: A Student's Guide** BY Y.S. EASTWOOD Quiz Homework Practice Problems
DAY 2: Reciprocals 6 Exponents 9 Scientific notation 13 Metric system 15 Conversions 20 Equations, Relationships and Graphing 25	Power Point Presentation/ Lecture Practice Problems	**Read** **Algebra Fundamentals for Ultrasound Techs: A Student's Guide** BY Y.S. EASTWOOD Quiz Homework Practice Problems
DAY 3: Linear and Non-linear proportional relationships 29 Distance Equation 36 REVIEW	Power Point Presentation/ Lecture Review Final Exam Review and comprehensive FINAL EXAM	**Algebra Fundamentals for Ultrasound Techs: A Student's Guide** BY Y.S. EASTWOOD
